# founders group

## MEMBERSHIP

### THE CORE OF MEMBER COLLABORATION

At the core of our member collaboration, you find Founders Group - an exclusive trusting forum where founders engage in in-depth discussions, exchange experiences, and address specific challenges. Each group consists of selected founders, carefully matched with each other for maximum exchange.

### VALUE CREATING WORKSHOP

We provide a workshop upon start and once annually to get the full picture of your entrepreneurship, strategic objectives, and challenges. Together we plan for maximum value by connecting you with key events, introductions, and opportunities within our global network.

### THREE FULL DAY CONFERENCES

The Founders Groups meet at three full-day conferences per year, and the discussions are led by the Group Leader or a Day Leader. During the Founders Conferences, the group works on common issues and brings value to each other. This includes a well-balanced mix between time for the group's own agenda, inspirational speakers and guests, theme workshops, one-to-one meetings and the opportunity for social and professional exchange between all prescient members.

### GLOBAL INTRODUCTIONS

Whenever in need we leverage our extensive and ever increasing network of trustworthy connections worldwide, including large scale founders and other valuable contacts. Founders Alliance has conducted over 180 prioritised introductions in 20+ countries.

### ONLINE COMMUNITY

Access to the Founders Community for participation in speaker sessions, one-on-one meetings, online workshops, networking, and sharing member profiles.

### ADDITIONAL INVITATIONS

Optional invitations to valuable member initiatives and opportunities for exchange with other members.

### FOUNDERS WORLD SUMMIT

Once a year, all Founders Groups meet for the Founders World Summit, the annual culmination for all members and select founders from large-scale companies worldwide.

The summit includes a two day conference with participant profiles, a program with both general and personalized activities, one-to-one meetings, strategic workshops selected by participants, company visits, and prioritized influence setup.

Content is collaboratively produced, with our global members contributing to its development. The Summit is interlinked with the Founders Awards Gala in Stockholm, included in the Founders Group Membership.

### ADDITIONAL BENEFITS

- Invitation to all Founders Conferences, Dinners and Trips based on specific decisions for each occasion.
- Regional Influence: Fulfill a defined purpose within your region, jointly confirmed by Founders Alliance.
- Expansion Initiatives: Collaborate with Founders Alliance to expand the network with the right large-scale founders, focusing on diversity, international regions, and social impact.

### REQUIREMENTS

To become a member, you must meet the criteria based on present or previous merits of being a founder and be a principal owner of a company with at least MEUR 2 in revenue. Exemptions to this criteria can be made if a founder brings significant value to the other participating founders.

- Fulfill, represent and adhere to Founders Alliance Code of Conduct for members.

### FEE

Annual fee for Founders Group Membership  
**2026: SEK 55 200 EUR 5100**
